Four more weeks to go!

August 17, 2014

Dear colleagues,

Only 4 more weeks to go until we meet in Cape Town. I am sending this reminder so you do not miss some new interesting events during the congress.

WSAVA One Assembly: This year's assembly meeting is on **September 15 starting at 8:30 am** in the CTICC Roof Top Terrace and promises to be a breakaway from the past. It is a privilege to come together for our annual assembly as well as a chance to welcome new members.

WSAVA Press conference: This year's press conference will be announcing the "AWWC global initiatives for animal welfare". You are all invited to join this press conference on **September 15 at 17:00-18:30** at the CTICC Roof Top Terrace. Immediately following the press conference there will be a reception hosted by The Global Edition of Clinician's Brief, our educational partner that has provided all WSAVA members with digital online continuing education for free!

CE meeting: The general CE meeting for CE receiving countries, CE sponsors and interested parties will be on **September 16 at 9:00-10:00 room 2.61**

WSAVA One Care Facilitator's Workshop: This is a workshop open for all members who would like to learn skills in holding a community workshop commonly called the "Human Behavior Change" method. The reason for this name is because human behavior is often the cause of animal welfare problems and by addressing this we can develop action plans that deal with the root cause of many welfare issues. It will be held on **September 16 at 12:00-14:30 room 2.61** (lunch provided) Details can be found at <http://www.wsava.org/sites/default/files/WSAVA%20One%20Care%20registration%20details%20-F.pdf>

Committee Forum: Find out what our *16 committees* have been up to lately and be amazed at the work they have made available as world knowledge to our Global veterinary community. This is how we are working to achieve a unified practice standard for the world. This annual forum will be held on **September 16 at 15:00-16:30 room 2.61.**
