VOLUNTEERS

The veterinary licensing authority of the Philippines (PRC) requires potential volunteers be screened, recognizing that the outreach will be both physically, emotionally & professionally challenging. This will help ensure a positive, successful experience for everyone. In addition, it will help identify expertise that individuals may wish to utilize during their time with the project.

If you are interested in this exciting opportunity, please complete this form, **attach a brief CV** & send to the WSAVA – wsava.awwc@gmail.com. Please include a short statement on why you would like to volunteer in the Tacloban City Outreach Program, as well as any other pertinent information – e.g. experience with vaccination &/or animal sterilisation programs, volunteer outreach - you think may be useful in assisting us with your application.
