

GPC updates – continuing education

Dr Sheilah Robertson spoke at the 10.^a Jornadas Internacionales de Veterinaria Práctica (*10th International Conference on Veterinary Practice*) in Mar del Plata Argentina on the 24th, 25th and 26th of August. She was a guest of the Colegio Veterinario de la Provincia de Buenos Aires (*Veterinary Association of the Province of Buenos Aires*), Argentina.

Her talks included topics on the recognition and treatment of acute and chronic pain, pain cases from the real world, analgesia for cesarean section and special considerations for analgesia in older cats and dogs, many of these topics being core to the Global Pain Council's treatise on the recognition, assessment and management of pain. The pain protocols that are now available in Spanish were emphasized and well received by the audience.
