Declaration of endorsement

for

The WSAVA Global Nutrition Committee: Nutritional Assessment Guidelines

The _____ *Name of association* is pleased to endorse the 2011 WSAVA Global Nutrition Committees Nutritional Assessment Guidelines for Dogs and Cats. Following a thorough review, the _____ *Name of association* Board of Directors formally endorsed the guidelines during its _____ *Year* meeting.

The _____ *Name of association* is very supportive of the comprehensive approach taken by the WSAVA Global Nutrition Committee to address the important role nutrition plays in the complete health of companion small animals, and embraces the recommendation that a nutritional evaluation and recommendation be made to every pet at every health visit. We agree that nutrition is so important as to be considered the 5th vital assessment, in addition to the vital assessments of temperature, respiration, pulse and pain.
